Installation

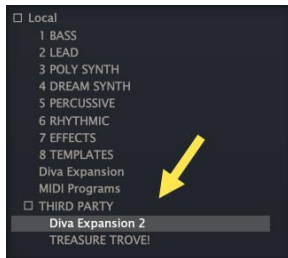

4

Installing this sound bank is easy. Simply download the Zip file and unpack. You can then move the entire folder to your preferred place on your hard disk.

Add the presets to Diva by copying the folder called “Diva Expansion 2” to the Diva presets folder. See the Diva user guide for more details.

Please keep a backup copy of your sound pack.

Please note: Requires U-he Diva 1.4 or later

Introduction

5

New Loops Diva Expansion 2 is the new sound bank for U-he Diva. 76 huge Diva presets featuring massive analogue pads, beautiful keys and quirky emulations, as well as modern digital basses, trancey arpeggios and EDM plucks and synths.

While our previous Diva sound bank (Diva Expansion) focused on exploring sounds, this sound bank aims to get you straight to the sound you need. Every patch in Diva Expansion 2 has been carefully made with the mod wheel assigned. All patches are tagged, level matched and organised by type.

Diva Expansion 2 is perfect for cinematic music, soundtracks, and electronic dance music including, techno, future house and future bass, trance, drum and bass, trap, pop and much more.

As with all New Loops sample packs, once purchased Diva Expansion 2 is 100% royalty free to use in your songs and audio productions.
