

TAROT

101 PRESETS FOR HIVE

CREATED BY ALEXANDER HACKE

Introduction

Thank you for purchasing the **Tarot** soundset. We hope you will enjoy using these sounds and put them to good use in your music.

Installation

You can install **Tarot** anywhere within Hive's 'Local' folder. Mac owners can use the extra 'User' folder instead.

- Load an instance of Hive into your DAW and click on the PRESETS button
- In Hive's 'Directory' browser panel, right-click on 'Local' and select 'reveal in Finder' (Mac OS X) / 'open in Explorer' (Windows PC)
- Copy the 'Tarot' folder into the 'Hive' folder you have just revealed
- Back in Hive's own browser, right-click on 'Local' again and select 'refresh'

Assuming Hive was originally installed using the default paths, it will recognize presets in the following locations (remember to 'refresh'):

Windows: 'Local' ... \VstPlugins\u-he\Hive.data\Presets\Hive\

Mac OS X: 'Local' MacHD/Library/Audio/Presets/u-he/Hive/ or
'User' ~/Library/Audio/Presets/u-he/Hive/

Playing the Presets

Some **Tarot** presets are set up to use the modulation wheel for realtime MIDI control. Read the Preset Information panel for details about availability and usage of the modwheel control. See page 7 of the Hive user guide for more information about the Preset Information panel.

About the Author

Alexander Hacke is a musician and composer living in Berlin. He joined the seminal band Einstürzende Neubauten at the age of 14. He played in numerous influential underground groups, wrote, recorded, released and performed solo material, collaborated with countless artists in various genres and produced scores for theatre pieces, documentaries and feature films. Forty years later, Alexander Hacke continues to build an impressive and eclectic body of work.
